Transformation witness: preserve the question

Original purpose
All selected records
satisfy interval I?

→

Constructed instrument
Exact units + references
Universal check / counterexample

→

Original-purpose answer
Invariant under permutation
Only for the same record set

Box · hypothetical mm
76 values, [3.246, 3.536]
Destination [3.1, 3.5]

REFUTED
Concrete recorded violation

Cover · hypothetical mm
400 values, [4.523, 4.537]
Destination [4.2, 4.8]

RECORD STATEMENT SUPPORTED
Physical family still unproved

A different question
Which hole? Which specimen?
Can the part be released?

FRESH EVIDENCE REQUIRED
No inherited permission

Formal FAIR units default to meters. Millimeter interpretation is an explicit research counterfactual, never an automatic repair.
